

February 2018 Newsletter

This month we're meeting at Spokane City Hall for a CSO program update and tour! For this event, we'd like to welcome any non-ASCE young engineers to attend.

Kyle Twohig (Engineering Operations Manager for the City of Spokane) will be presenting an update on the City's progress with the CSO (Combined Sewer Overflow) program, followed with a site visit of the massive CSO 26 shoring project adjacent to City Hall. **Please bring your high-vis vest, hard hat, and sturdy footwear for the tour.** The lunch will be assorted Subway sandwiches and chips.

CSO 26 Tank Site *Jesse Tinsley*

We're also excited to announce the addition of a new member to our Board, Travis Morrison with WSDOT. He has taken on the role of Director of YMF (Younger Member Forum), which is something we haven't had for a few years. We sent Travis to the WRYMC (Western Region Younger Member Council) in Las Vegas last month, and he's already made significant connections with students and young engineers in our region. We'd like to build on his progress by opening this meeting up to interested young engineers in our area, who may not yet be members of ASCE. So, please feel free to bring along a young engineer and/or encourage attendance within your group, regardless of ASCE member status. Lunch will be the same price for all attendees, with the exception of students.

Upcoming Event.....

City of Spokane
CSO program update
and site tour

Date:

Thursday, February 15, 2018

Time: 11:50 AM to 1:15 PM

**Location: Spokane City Hall
808 W. Spokane Falls Blvd.**

Check in with the Security desk, and they'll direct you to the meeting location.

Cost of lunch:

\$10.00 attendees, \$5.00 students

RSVP: Ray Koberstine, PE ASCE-IE VP

ray.koberstine@rcworst.com

Please RSVP by February 13th, 5 PM.

Two ways to pay by card:

 In Advance or

 Square at the door.

And cash/check at the door is still accepted!

And please, keep in mind that Bob Turner welcomes any help with the September 2018 Assembly Conference to be held in Spokane. This is a great opportunity to showcase our area to engineers from around the Region. Email Bob bturner@spokanecity.org for details and volunteer opportunities.
